

Material Safety Data Sheet

1. Product and Company Identification

Effective Date: 11/06/2003
Revision: 00

Bubble Bath

Principal Use: Bubble bath

Description: Pink or lavender viscous liquid

M. Z. Berger & Co., Inc.

385 5th Avenue, Suite 700
New York, NY 10016
USA

Phone: 212-213-8553

Only in the event of a transportation emergency involving a chemical spill, fire, etc., call
CHEMTREC 1-800-424-9300.

2. Composition/Information on Ingredients

Ingredients:

%(w/w)

OSHA PEL

No hazardous ingredients

Ingredients not precisely identified are proprietary or non hazardous. Values are not product specifications.

3. Hazards Identification

Emergency Overview

Appearance:

Pink or lavender viscous liquid

Physical Hazards:

None

Health Hazards:

None

* Hazard summary defined by OSHA Hazard Comm. Std., 29 CFR 1910.1200.

Potential Health Effects:

General:

This health hazard assessment is based on information from commercial and scientific literature.

Ingestion:

This product is classified as "relatively non-toxic". However, ingestion of large quantities may cause gastrointestinal irritation, nausea, vomiting or diarrhea.

Eye Contact:

Contact with eyes may cause slight eye irritation.

Skin Contact:

Repeated or prolonged contact may cause slight skin irritation.

Material Safety Data Sheet

Skin Absorption:

This product is not expected to be absorbed through human skin.

Inhalation:

This product is not expected to be toxic if sprays or mists are inhaled.

4. First Aid Measures:

First Aid - Eyes:

Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Have eyes examined and treated by medical personnel.

First Aid - Skin:

Wash material off skin with plenty of water. If redness, itching or a burning sensation develops, get medical attention.

First Aid - Ingestion:

Do not induce vomiting. Give 1 or 2 glasses of water to drink and refer person to medical personnel. Never give anything by mouth to an unconscious person.

First Aid - Inhalation:

Not applicable.

5. Fire Fighting Measures

Flashpoint and Method:

Will not flash.

Autoignition Temperature:

Not applicable

Explosive Limits:

Not applicable

General Hazards:

Material is considered to be non-flammable. In case of fire, keep containers cool with water.

Fire Fighting Instructions:

Extinguishing media are carbon dioxide, foam, dry chemicals or water.

Fire Fighting Equipment:

Self contained breathing apparatus with full facepiece and protective clothing.

Hazardous Combustion Products:

Burning material can release carbon dioxide and carbon monoxide.

6. Accidental Release Measures

Spill Measures:

Soak up spilled liquid with towels or other suitable materials. Wash hands when done.

Material Safety Data Sheet

7. Handling and Storage

Handling:

Keep lids on bottles when product is not being used.

Storage:

Store in a cool, well ventilated area.

8. Exposure Controls/Personal Protection

Exposure Guidelines:

No ACGIH TLV or OSHA PEL assigned to this mixture. Minimize exposures in accordance with good hygiene practice.

Engineering Controls:

Use ventilation adequate to maintain safe levels. Provide eyewash station and safety shower in work area.

Respiratory Protection:

Not normally needed if controls are adequate.

Protective Clothing:

Not normally needed.

Eye Protection:

Not normally needed.

9. Chemical and Physical Properties

Appearance: Pink or lavender viscous liquid

Boiling Point: 212 deg. F (100 deg. C)

Vapor Pressure: No data

Vapor Density: No data

Solubility in Water: Soluble

pH: 6.0 - 7.0

Specific Gravity: 1.0

% Volatile: 0%

10. Stability and Reactivity

Stability:

Stable under normal conditions.

Incompatibility:

Strong acids, bases and oxidizing agents

Hazardous Decomposition Products:

Carbon dioxide and carbon monoxide

Hazardous Polymerization:

Will not occur

11. Toxicological Information

Material Safety Data Sheet

Possible Human Health Effects:

Inhalation:

No data. This product is not expected to be toxic if sprays or mists are inhaled.

Skin Contact:

Repeated or prolonged contact may cause slight skin irritation.

Eye Contact:

Contact with eyes may cause slight eye irritation.

Ingestion:

This product is classified as "relatively non-toxic". However, ingestion of large quantities may cause gastrointestinal irritation, nausea, vomiting or diarrhea.

Other Effects of Overexposure:

None known

Note to Physician:

Not applicable

12. Ecological Information

No environmental safety data are available on this product. Precautions should be taken to minimize the amount of this product released to the environment.

13. Disposal Consideration

Disposal Method:

Discarded product is not a hazardous waste under RCRA, 40 CFR 261.

Container Disposal:

Throw empty bottles in household garbage.

14. Transport Information

DOT Hazard Description:

Not regulated

15. Regulatory Information

TSCA (Toxic Substances Control Act) Regulations, 40 CFR 710:

All ingredients are listed on the TSCA Chemical Substances Inventory.

CERCLA and SARA Regulations (40 CFR 355, 370, 372):

This product does not contain any chemicals subject to the reporting requirements of SARA Section 313.

California Proposition 65:

None

16. Other Information

User Responsibility

Information in this Material Safety Data Sheet is believed to be accurate and is given in good
