The Board establishes these general goals for the conduct of its management program:

- To develop a plan for the management of buildings and grounds which provides a safe, secure, comfortable, and clean environment for instruction and administration;
- To provide a building maintenance program which protects the taxpayer's investment in facilities and ensure their continued use;
- To provide sufficient supplies and equipment for effective teaching and learning;
- To provide a student transportation system which meets state requirements;
- To design and implement a program of food services which emphasizes nutritional needs of children as the basis of growth and development of bodies and minds;
- To collect and maintain data pertinent to educational planning;
- To provide a sound program of insurance protection for system employees, students, and property; and
- To design and implement an Extended School Program which emphasizes safe and productive before and after school child care.
